WHY CHOOSE MULTICHOICE?

- Fiduciary standard. Work with a company who works for your best interest, not for their own.
- Higher contribution limits than an IRA. Payroll contributions into your 403(b) plan help to maximize your tax deferred contributions each year.
- Employee contributions to a 403(b) lowers your taxable income. Speak with your tax preparer to understand how this benefits you.
- Skip the annuity; invest in institutional shares directly with MultiChoice.
- Multiple investment companies to choose from; it's in the name. Choosing MultiChoice means that you can invest in a variety of top rated fund companies.
- Building the right plan for you. Working with Confidential Planning gives you a Financial Advisor on your side. You can take part in many of our financial wellness programs just by having an account.
